

**Danielle Michaels, PNP**

**National President Recommendations**

**Recommendation #3**

In recent times, some of our sisters have served as National President for several years. Whereas the cost of a PNP Badge has exponentially risen over the years, our funds are limited, and we only wear one badge, our highest badge; it is recommended that instead purchasing a second badge, that a ladder be attached to the PNP badge depicting the place of her encampment and year as well as providing a Life Membership if she doesn't already have one.
